

# Nonlinear Dynamic Systems and Control (NDSC) Group

ISE

118-119

**Contact: Dr. Weon Keun Song, <bauman98@naver.com>**

The Nonlinear Dynamic Systems and Control (NDSC) Laboratory in ISE at AIT provides the research experiences and instruction in dynamics and control of nonlinear systems, specially involved with aerospace engineering and human brain control. The NDSC founded by Dr. Weon Keun Song in 2017 will be the core laboratory in AIT.
